Business Name	About...
Snyder's Apiaries 4747 Norrisville Rd White Hall, MD 21161 Phone: (410) 329-6671 Email: SnydersApiaries@zoominternet.net Website: https://www.snydersapiaries.com/	<p>We are a family owned beekeeping operation, located in White Hall Maryland, that started out in 1980 with 3 hives of honey bees purchased at a farm auction. We have since added many more hives and added the sale of beekeeping supplies, package bees, queens, candles and many other bee related items.</p> <p>The extraction and bottling operation features minimal handling to maintain high quality standards. The honey is only heated enough to pump and strain, not to the temperatures commonly used in the processing of supermarket honey. The result is a full-bodied taste, preserving all of the God-given and healthful properties of natures oldest sweetener.</p>
